

GRAPEVINE

How loyal are you?

■ MINNESOTA GOVERNOR **Tim Pawlenty** will participate in the annual Globes Business Conference opening in Tel Aviv on Sunday. Last year, the Jewish Agency for Israel convened the first "Business-to-Business" (B2B) initiative within the framework of the International Globes Business Conference, with participants from around the world and in many spheres of business sharing a special place for Israel not only in their hearts and minds but also in their sense of Israel's business potential. It is in this

capacity that Pawlenty will participate in a B2B roundtable discussion which again has been initiated by JAFI.
